

CANYON COUNTY TREASURER

Jennifer Watters
Treasurer
Steve Onofrei
Chief Deputy Treasurer

REQUEST FOR TEMPORARY EMPLOYEE & RECLASSIFICATION

EXECUTIVE SUMMARY

The Canyon County Treasurer's Office is requesting a temporary employee, position reclassification and market adjustments for FY2027 to address workload growth, improve operational alignment, and support long-term succession planning.

Despite managing over 108,000 parcels and managing over \$366 million annually, the office operates with higher efficiency and lower cost per parcel than comparable Idaho counties.

The proposed changes result in a net budget increase of \$48,377.52 (6.3%), primarily driven by the need for a temporary employee and market corrections rather than COLA adjustments.

FUNCTIONAL RESPONSIBILITIES

- **TREASURY (I.C. Title 31 Chapter 21)**
 - Manages and safeguards public money, which includes the acceptance, receipt and reporting of funds received by each county department.
 - Investing public funds with the objectives of safety, liquidity, and yield.
- **TAX COLLECTION (I.C. Title 63 Chapter 9)**
 - Responsible for billing, collecting and accounting for all property taxes including remittance to each taxing district within Canyon County
 - Provides tax notices to every taxpayer within Canyon County on or before the 4th Monday in November
 - Provides Supplemental tax notices for new improvements before the middle of April
 - In May, taxpayers are sent reminder notices if lender does not remit payment for the taxpayer and full property tax was not paid in December
 - Administrates the delinquency process for unpaid property taxes
- **PUBLIC ADMINISTRATOR (I.C. Title 14 Chapter 1)**
 - Administers estates of deceased residents with no known heirs and assets above state limits
 - If qualified, the Treasurer's office is legislatively mandated to administer the probate process

DESCRIPTION OF SERVICES

Property tax administration represents the most resource-intensive function for county treasurers throughout Idaho. In Canyon County, this function accounts for approximately 70% of staff utilization, with the remaining 30% dedicated to treasury operations, public administration, and general office administration.

Property tax administration is based on total parcel count to determine the efficiency and/or proficiency of the treasurer's office staff. Resources are allocated to the billing and collection of property taxes, collection of unpaid taxes, account balancing, tax charge corrections, and management of batch files. Each of these processes require an understanding of Generally Accepted Accounting Principles (GAAP) and well-defined workflows. For example, unpaid taxes require a workflow to include Affidavit of Compliance, First and Second Reminder Notices, Delinquent Ad Publication, Final Notice, Notice of Pending Issue, Tax Deeds, and Warrants of Distraints.

The table below summarizes the treasurer's annual fiscal responsibility by using data from tax year 2025 and fiscal year 2026's approved budget:

STATE CERTIFIED PROPERTY TAX REVENUE	
CANYON COUNTY	\$63,191,048
OTHER DISTRICTS	\$204,444,304
TAX COLLECTION REVENUE	\$267,635,352
CANYON COUNTY BUDGET	
APPROVED EXPENDATURES BUDGET	\$161,870,446
LESS CANYON TAX REVENUE	\$63,191,048
ADDITIONAL REVENUE	\$98,679,398
TOTAL FISCAL RESPONSIBILITY	\$366,314,750

In tax year 2025, Canyon County administered 108,266 parcels. The average yearly growth rate since 2021 has been 3% annually or 15% for the past 5 years. Should this trend continue, Canyon County will exceed 123,000 parcels by 2030.

The dollar amount of each tax payment on an individual parcel does not determine the workflow requirements to complete the administrative responsibilities related to property taxation and therefore should not reflect the support level required from the treasurer’s office.

The remaining functions within Canyon County Treasurer’s office require advanced skill sets, knowledge, and experience.

CANYON COUNTY TREASURER’S OFFICE

Currently, the Canyon County Treasurer office employees seven (7) staffed positions to administrate property tax, meet legislative mandates, and provide additional services. These positions and pay grades are:

- Canyon County Treasurer – Elected Official
- Chief Deputy Treasurer – Pay Grade: 16-1
- Banking and Finance Manager – Pay Grade: 14-1
- 3 Senior Customer Service Specialist – Pay Grade:12-1
- Customer Service Specialist – Pay Grade:11-1

During the months of June and December, every staff member’s primary focus is related to tax collections. For the remaining months, the Customer Service Specialist continues to provide quality customer service to patrons paying late or paying monthly, the remaining staff focuses on delinquent tax collections, financial responsibilities, public administration, investments, legislative changes, and other treasury duties.

Canyon Counties proficiency is relative to years of service within each position:

Employee Name	Title	Years of Service
Jennifer Watters	Treasurer	County (29yrs)
Steve Onofrei	Chief Deputy Treasurer	County (13yrs) State (5yrs)*
Melissa Tucker	Banking and Finance Manager	County (2yrs) Private Sec (23yrs)**
Debra Smart	Sr. Customer Service Specialist	County (25yrs)
Cynthia Darbin	Sr. Customer Service Specialist	County (18yrs) CCSO (8yrs)***
Tonya May	Sr. Customer Service Specialist	County (15yrs)
Amy Yolton	Customer Service Specialist	County (1yr)

*Steve Onofrei has a total of 18 years of service related to Property Tax within Canyon County and the State of Idaho.

**Melissa Tucker has 2 years of service in the county but 23 years of service at a banking institute within the private sector.

***Debra Smart has 8 years of financial experience with the Canyon County Sheriff’s Office

CANYON COUNTY vs OTHER COUNTIES IN IDAHO

Canyon County maintains the highest parcels-per-staff ratio among comparable counties while also maintaining one of the lowest salary-per-parcel costs. This demonstrates a high level of efficiency but also indicates limited capacity for continued growth without structural adjustments.

A two-year comparison of counties in Idaho is provided in the table below. Adopted budgets, parcel counts and employee counts were compared with Canyon County. Kootenai and Bonneville Counties have the closest parcel counts. Bannock, Bonner, and Twin Falls counties parcel counts are less than half of Canyon County. Ada County’s data was included in the comparison below to show the level of proficiency within Canyon County, even though Canyon County has less than half the total parcel count of Ada County. With increased parcel counts, the Board of County Commissioners can approve budgets reflecting lower pay grades to increase efficiency within the Treasurer’s office.

*Data derived from each county’s website (Kootenai and Bonneville’s parcel count derived from ISTC website with a 5% adjustment to fiscal year 2024 (ISTC only maintains the current year’s parcel counts))

Key Takeaways (FY2026 Comparison):

- Canyon County staff handle **29–40% more parcels per employee** than peer counties
- Salary cost per parcel remains **lower than Kootenai and Bonneville Counties**
- Overall, Canyon County delivers **higher output at lower cost**, indicating strong efficiency but increasing strain on staff

Canyon County’s Chief Deputy Treasurer met with Ada County’s Treasurer and Chief Deputy Treasurer. The following information was identified:

- All employees within the Ada County Treasurer’s office collect and process tax payments during the months of June and December.

- The office equipment used to process payments is double the amount at Canyon County (as expected). But the equipment has a higher utilization and efficiency rating.
- Staff utilization is 50% tax collection, 35% treasury functions, and 15% public administration.
- Ada County has three distinct divisions within the Treasurer's office: Tax Collections, Finance, and Public Administration. Each of these divisions includes a manager, supervisor, or lead (see Ada County Organization Chart in **Appendix 1**)
- Ada County Treasurer's office is the only county department in Idaho or office that employees *Financial Specialist* positions.

Staff salary comparison for fiscal year 2024 for Ada and Canyon Counties is provided in **Appendix 2**.

SUCCESSION PLAN

With Cynthia Darbin retiring in July of 2026, this allows the Treasurer an opportunity to restructure positions with a primary focus on succession planning. Currently, Jennifer Watters, Steve Onofrei, Debra Smart, Tonya May, and Melissa Tucker are scheduled to retire by 2036, with retirements beginning as early as 2034. With continual growth, constant changes to legislative mandates and losing the ability to share an employee with the Assessor's office, the need for a temporary employee is requested. Providing legislative mandates do not increase, a request to move this temporary employee to full-time employee (FTE) will be made when Canyon County's parcel count reaches 125,000. The intent of the Treasurer's succession plan is to add a temporary employee when the parcel count increases by 15,000 and transition the temporary employee to full-time status when the parcel count increases by another 15,000 parcels. To adequately meet the needs of the Treasurer's succession plan, the Treasure is additionally requesting a restructuring of current position titles.

NEW AND RESTRUCTURE OF POSITIONS

The Canyon County Treasurer is requesting the following positions and reclassification:

- Requesting a new temporary Customer Service Specialist with a pay grade of 11 (starting at \$19 per hour). Position description in **Appendix 3**.
- The scope of two Senior Customer Service Specialists is currently misaligned with the work requirements for these positions. The current classification of Senior Customer Service Specialist does not reflect the financial, analytical, and statutory responsibilities performed by these roles. Although every position is required to provide customer service, the primary functions of these positions should fall under the title of Financial Service Specialist with a pay grade of 12. Given the years of experience and service within these positions, the Treasurer is requesting that these positions be defined as Senior Financial Service Specialist with a pay grade of 13 (job description provided in **Appendix 4**).
- It is requested that the third Senior Customer Service Specialist position be reclassified as a Customer Service Specialist II and maintain a pay grade of 12 (job description in **Appendix 5**).
- The Banking and Finance Manager is currently out of scope with the market. Ada County's Banking and Finance manager has a salary range of \$95,000 to \$105,000 with the same position requirements. The Treasurer is not seeking comparable compensation with Ada County but feels the position should be moved to a pay grade 15 (\$72,488 to \$99,637).

Misalignment between job duties and classification creates challenges in retention, recruitment, and succession planning. Reclassifying these roles more accurately reflects the scope and complexity of work performed. If position restructuring is approved, these employees will not receive a COLA increase, but a pay grade adjustment is requested.

REQUEST FOR APPROVAL

The Canyon County Treasurer respectfully requests approval of a temporary employee, proposed position reclassifications, market adjustments, and slight COLA increase for FY2027. These changes ensure continued operational efficiency, alignment with industry standards, and readiness for future growth.
