**Item 2A:**

**Case No. RZ2021-0061-MOD:** Canyon County Development Services Department requests that the conditional rezone (Case #RZ2021-0061) with development agreement (23-123) on Parcel R33952010 (11.41 acres) be terminated. The decision includes an ordinance reverting the zone of the property from a “CR-C-2” (Conditional Rezone – Service Commercial) zone to an “A” (Agricultural) zone on the County Official Zoning map. The subject property is located at 9145 HWY 44, Middleton.

Planning Supervisor Lister described the request before the Commission as being a termination of a development agreement and rezone. On September 14, 2023, a development agreement/rezone was approved, allowing a storage facility. The use did not commence by September 14, 2025, and has expired. The zone would revert back to agricultural.

Commissioner Nevill asked if there were any changes that have been made to the property that would change the character of the area. Planning Supervisor Lister stated there have been no changes.

Chairman Sturgill stated that he got the impression from the staff report that the applicant may desire to pursue different commercial uses that were not included in the development agreement. Planning Supervisor Lister stated that the applicant was provided with options as to what they could do. Terminating the development agreement and asking for a different zone / uses was one of those options. Chairman Sturgill stated that his concern that if this reverts back it may be more difficult in the future to get a rezone or CUP given the traffic situation on Hwy 44. Planning Supervisor Lister stated he could only speak to the emails with the applicant. He believes the applicant was trying to sell the property and with the limited uses he was not able to finalize a sale. Planning Supervisor Lister added that there is an email from the applicant indicating they were okay with the reversion.

**MOTION:** Commissioner Sheets moved to close public testimony on Case No. RZ2021-0061-MOD, seconded by Commissioner Nevill. Voice vote, motion carried.

**Deliberation:**

Commissioner Sheets thanked staff for taking a proactive approach on these types of issues. He knows there are a lot of conditional use permits / development agreements that were planned but did not come to fruition. He felt that it was appropriate for these development agreements to be revisited.

**MOTION:** Commissioner Sheets moved to **recommend approval** of Case No. RZ2021-0061-MOD to the Board of County Commissioners and adopt the Findings of Fact and Conclusions of law as presented. Seconded by Commissioner Nevill.

**Discussion on the Motion:**

None.

Roll call vote: 6 in favor, 0 opposed, motion passes.

**Item 2B:**

**Case No. CU2026-0012:** The applicant, Carlos Torrez, is requesting a conditional use permit for a staging area, contractor shop, and nursery (retail/wholesale). **Chairman Sturgill** affirmed the applicant to testify.

**Carlos Torrez – (Applicant) IN FAVOR – 655 E. Kingsford Dr., Meridian, ID 83642**

Mr. Torrez stated that he is requesting a conditional use permit at 246 N. Robinson Rd., Nampa. They would like to build a shop with an office to serve the community with different landscape goods, bulk materials, boulders, trees, plants, etc. There will be some landscaped areas along the frontage of their property and at the entrance.

Commissioner Nevill asked Mr. Torrez if he had the opportunity to review the 20 recommended conditions of approval. Mr. Torres stated that there were a couple he would like the Commission to reconsider if possible. In regard to the condition requiring that materials being hauled away within five days. He would like 15 business days because they process some of the materials before hauling off. Mr. Torrez requested that the site obscuring fence be allowed to be installed by February 2027 if possible. Commissioner Nevill asked if the barn would be utilized for the staging area. **Subject: Parcel R33952010, 9145 HWY 44, Middleton: Development Agreement Expiration**

Property Owner of Parcel R33952010,

This letter is to inform you that the Canyon County Development Service Department (DSD) finds that the development agreement approved as part of the rezone of the subject parcel (RZ2021-0061) expired on August 15, 2025. *Please find attached the development agreement (Agreement #23-123).*

Per the agreement, unless evidence is submitted demonstrating that the property has been developed per the conditions of the agreement within the two-year timeframe that began on August 15, 2023, DSD will schedule the required public hearings to terminate the agreement and revert the zone from a 'CR-C-2' zone (Conditional Rezone – Service Commercial) to an 'A' zone (Agricultural).

Options:

- 1) Submit evidence demonstrating that the property has been developed per the conditions of the agreement within the two-year timeframe.
- 2) Submit a conditional rezone application to a 'C-1' zone (Neighborhood Commercial), which terminates agreement #23-123 and replaces it with a new agreement, if approved.
- 3) Provide a letter or email requesting that the development agreement (#23-123) be terminated. DSD will then schedule the required public hearings to terminate the agreement.

You have until May 20, 2026, to exercise one of the options stated above. If an option is not exercised after the stated date, DSD will schedule the required public hearings to terminate the agreement and revert the zone from a 'CR-C-2' zone (Conditional Rezone – Service Commercial) to an 'A' zone (Agricultural).

If you have questions, please feel free to contact me.

Respectfully,

**Dan Lister, Planning Supervisor**

In this event, however, the Agreement shall only terminate in regards to the portion of the Property that is actually rezoned or annexed, while the remainder of the Property shall remain subject to the Agreement.

If any of the privileges or rights created by this Agreement would otherwise be unlawful or void for violation of (1) the rule against perpetuities or some analogous statutory provision, (2) the rule restricting restraints on alienation, or (3) any other statutory or common law rules imposing time limits, then such provision shall continue until twenty-one (21) years after the death of the last survivor of the now living lawful descendants of George Herbert Walker Bush, former President of the United States, or for such shorter period as may be required to sustain the validity of such provision.

## **SECTION 9. LIABILITY AND INDEMNITY OF COUNTY.**

### **A. COUNTY REVIEW.**

Applicants acknowledge and agree that the County is not and shall not be, in any way, liable for any damages or injuries that may be sustained as a result of the County's review and approval of any plans or improvements, or the issuance of any approvals, permits, certificates or acceptances, relating to the use and development of the property described in EXHIBIT "A," and that the County's review and approval of any such plans and the improvements or the issuance of any such approvals, permits, certificates, or acceptances does not, and shall not, in any way, be deemed to insure or ensure Applicants or any of Applicants' heirs, successors, assigns, tenants, and licensees, against damage or injury of any kind and/or at any time.

### **B. COUNTY PROCEDURES.**

During any period of curing, the party charged shall not be considered in default for the purposes of termination or zoning reversion, or the institution of legal proceedings. If the default is cured, then no default shall exist and the charging party shall take no further action.

## **SECTION 13. ZONING REVERSION CONSENT.**

The execution of this Agreement shall be deemed written consent by Applicants to change the zoning of the Subject Properties to its prior designation upon failure to comply with the terms and conditions imposed by the approved conditional rezone and this Agreement. Flood Zone: Yes, 780 Flood Control District #10  
Existing Zone: Agricultural  
Proposed Zone: C2 – Commercial

- o The property has an existing septic system on the north end of the parcel.
- o The only restroom for the Self-Storage site will be in the management office
- o We have engaged with Southwest District Health and KM Engineering to determine necessary capacities.
- o Our systems will be able to accommodate all of the wastewater we are expecting.

## Project Summary:

AG Development, LLC is proposing to demolish a mobile home and storage shed on the site to provide new construction. There will be two types of buildings that will provide facilities and business opportunities for the immediate area:

- Office/ Retail Multi-Tenant buildings at the north portion of the property (roughly 65,000 sf of usable space)
- RV and Self-Storage at the south portion of the property (roughly 137,000 sf of usable space)

A Conditional Rezone is required to continue the development of the property.

Canyon County's Comprehensive Plan calls for commercial uses along the frontage of ID-44. The City of Middleton's Future Land Use Map depicts a mixed-use corridor along ID-44 with Special Residential Areas on both sides. The "Special Area" designation requires a mandatory public-record disclosure stating: "Cost of development and flood hazard insurance may be higher because land is now, or in the future may be, in flood areas and/or high ground water areas." We have been working closely with the City of Middleton to provide a proposal to support both the County's and Middleton's overall goals.

Part of our long-term goal is to become integrated with Middleton's community. We are currently in talks with the City of Middleton regarding tying into City sewer, water, and utility services. Middleton has requested a Pre-Annexation Agreement from AG Development, LLC, and we have entered into this agreement, based upon their verbal approval of our Proposed Site Plan. Additionally, our Proposed Site Plan has located future utility corridors based on input from Middleton's City Engineer. Future buildings have been positioned in a manner to support the infrastructure needed to sustain our development.

Our team has also been working closely with Idaho Transportation Department (ITD) and we have received approval for commercial access to the property. Per the attached site plan, entrance to the property will be located at the west side of the eastern 44 frontage area. The neighbor's easement at 9181 Highway 44 will remain at the west and we will remove our access from that location.

**Office/ Retail Multi-Tenant buildings** Along the ID-44 frontage on the east side and within the center of the property, approximately 4.5 acres will be dedicated for Office/ Retail Multi-Tenant buildings. This asset class is being developed to accommodate the City of Middleton's desire to provide services for residents as well as places for small business owners to run their businesses.

8471 West Red Deer Court Boise, ID 83714

**Office/ Retail Multi-Tenant buildings** Along the ID-44 frontage on the east side and within the center of the property, approximately 4.5 acres will be dedicated for Office/ Retail Multi-Tenant buildings. This asset class is being developed to accommodate the City of Middleton's desire to provide services for residents as well as places for small business owners to run their businesses.

These buildings will provide customizable space for a variety of businesses. Our design objective is to establish an attractive and functional site arrangement with high quality landscape design which provides an efficient and pleasant work environment. Building construction may vary from Pre-Engineered Metal Buildings to conventional steel frame structures.

- These buildings are often called "flex" buildings due to their multi-purpose uses. They are single story with higher ceilings.
- Tenants attracted to these buildings include cabinet makers, research & development firms, professional services, plumbing, tech companies, etc.

8471 West Red Deer Court Boise, ID 83714

## RV / Self Storage

At the rear of the property, approximately 6.4 acres will accommodate self-storage units, designed to attract tenants to store their RVs, boats, classic cars, etc. A highly attractive and inviting Management Office Building will serve as a sales center for unit rentals as well as providing a hub for ancillary products and services. A convenient Wash/Dump Station will be a welcome amenity for its users.

A gated entry will separate the property between the two uses providing additional security for self-storage tenants. A detailed list of terms and conditions for tenants will ensure the proper use of the facilities along with appropriate hours of operation for the amenities being provided. 24-hour video surveillance will ensure the proper use of the facilities. The architecture will mimic the Office/ Retail Multi-Tenant building look and feel and will comply with Design Requirements set forth in the municipal code.

Security for our facility will be a high priority. We will utilize:

- Keypad and access control hardware
- Slide Gate
- Lighting and motion sensors
- Climb Resistant property fencing

NOTE : It is illegal to sleep overnight in a storage facility. All Tenants leases state this.

8471 West Red Deer Court Boise, ID 83714

#### SIGNAGE

Attractive Monument Signage will feature the project name and tenants and be code compliant.

#### RV & Self Storage

- Construction is light gauge steel
- Management Office
- Wide Drive Aisles
- 24 Hr. Security
- Dump Station
- RV storage units range ave. size is 14' wide x 40' high
- Self Storage units, ranging from 5' x 10' to 11' x 30'

8471 West Red Deer Court Boise, ID 83714

-Landscaping around the perimeter will include a combination of drought-tolerant and traditional plants and ground cover.

-We will be consulting with our architect and an arborist for tree and plant selection but anticipate the inclusion of trees that are drought tolerant and have eye catching foliage.

-Trees under consideration are Autumn Maple Blaze, Canada Red Chokeberry, Sensation Maple and River Birch

Being cognizant and respectful of our neighbors, we will install fencing along our property line consistent with all codes and building standards. Additionally, our site lighting will be designed in a manner to shield adjacent properties from unnecessary light spreading onto their buildings. Our intent is to provide much needed commercial places of operations to the community with little disruption to the surrounding neighborhood.

**Canyon County Municipal Code 07-06-07: Conditional Rezone:  
Section (6) Conditional Rezone Approval:**

- A. Standards Of Evaluation: The presiding party shall review the particular facts and circumstances of the proposed conditional rezone. The presiding party shall apply the following standards when evaluating the proposed conditional rezone:
1. Is the proposed conditional rezone generally consistent with the comprehensive plan?
    - a. Yes, Canyon County's comprehensive plan calls for commercial uses on our property; the City of Middleton's future land use plan calls for mixed use development on our property.
  2. When considering the surrounding land uses, is the proposed conditional rezone more appropriate than the current zoning designation?
    - a. Yes, our property is not currently being used as Agricultural and there are no plans to provide agricultural use on the property.

8471 West Red Deer Court Boise, ID 83714

3. Is the proposed conditional rezone compatible with surrounding land uses
- Yes, per Canyon County's current zoning map, there are several C1 and C2 Commercially zoned properties within close vicinity to our property.
4. Will the proposed conditional rezone negatively affect the character of the area? What measures will be implemented to mitigate impacts?
- No, the proposed conditional rezone is within the commercial overlay zone developed jointly by the city of Middleton and Canyon County. Our meetings with the City of Middleton's mayor and Middleton's planning department helped direct our development plans to include both self-storage and office/ retail multi-tenant mix.
  - City annexation will not be necessary to complete our project. We have the ability to construct a complete development, including septic, water, utilities, fire.
  - Our project will enhance the character of the area with new construction and will spearhead the County's and Middleton's future growth consistent with the comprehensive plans.
5. Will adequate facilities and services including sewer, water, drainage, irrigation, and utilities be provided to accommodate proposed conditional rezone?
- Yes, we have been working with the City Engineer from Middleton to locate and determine future facilities and services.
6. Does the proposed conditional rezone require public street improvements in order to provide adequate access to and from the subject property to minimize undue interference with existing or future traffic patterns? What measures have been taken to mitigate traffic impacts?
- No, public street improvements are not required to provide adequate access. The existing driveway will be updated to current ITD standards. Final design will be coordinated with ITD as required.
7. Does legal access to the subject property for the conditional rezone exist or will it exist at time of development?
- Legal access to the subject property currently exists and will remain.
8. Will the proposed conditional rezone amendment impact essential public services and facilities, such as schools, police, fire, and emergency medical services? What measures will be implemented to mitigate impacts? (Ord. 16-007, 6-20-2016)
- New construction will include fire life safety measures as well as security measures to minimize impact to local police, fire, and emergency services. Schools will not be affected with this development. Any required impact fees will be assessed and funded upon final building permit issuance(s).

We appreciate the opportunity to be part of both Canyon County's and Middleton's growing community and respectfully request approval of a Conditional Rezone as the first step in an ongoing relationship with both agencies.

Hi Andrew: City Engineer refined the best locations for your sewer/water/utility easements. See rudimentary drawing below. I have also added the proposed corridor to your site plan for more clarity. See attached. That should give you a good basis for your application. As you know, a building cannot be built over a utility line or utility easement, so when you get further down the road, you may have to refine these concepts a little to make sure you don't get in the way of any of your buildings. thanks again for working with us.

Please let your County planner know you're working with us on a pre-annexation agreement. The County encourages these types of agreements, so it should help your application succeed. We can work on the pre-annexation agreement during the next few weeks after you submit your application to the County. We don't have to have it all done beforehand. There's time.

Jenna Petroll,

Parcel R33952010 is located in a partial AE Zone Special Flood Hazard Area. The rezone request is to provide an allowed use for mixed use storage and business retail. These uses are allowed uses within the AE Zone floodplain with floodplain development permitting and NFIP mitigation standards.

Floodplain development permits will be required prior to any development activities within the Special Flood Hazard Area.

Including, but not limited to, structures, attendant utilities, and utility equipment and machinery shall be elevated to the flood protection elevation (One foot above Base Flood Elevation).

Open stored vehicles, if applicable, will require elevation to the flood protection elevation or anchored. In addition, open stored vehicles shall be operational and an emergency evacuation plan shall be provided as a condition of the rezone application.

Good morning Debbie,

Thank you for help on this. I met with ownership and it sounds like they would like to move forward with the rezone to C1 with a termination of the CRC2 Development Agreement. Please let me know next steps. Would staff be in support of this? Will we need a pre-app meeting for this application?

Thank you,

Steve,

RZ2021-0061  
Parcel #: R33952010  
Current Zoning: CR-C2 with DA

What is the process for rezoning the property to "C1"?

Two separate processes here: 1. Termination of the DA and required conditions/restrictions. And 2. Zoning of the property to C1 without a DA.

1. The DA must be terminated and the zoning reverted to "A" (Agricultural) to eliminate the DA.
2. The property must go through the hearing processes to possibly be zoned C1.

Alternatively, it could be possible to modify the Development Agreement and conditions to down zone the property to C1 with a development agreement.

I believe that Dan and I have both indicated that changing the zoning to C1 is the most practical to achieve the flexibility that the property owner desires. We also believe that this could potentially be accomplished with concurrent applications, i.e., a rezone to C1 with a termination of the CRC2 Development Agreement.

Respectfully,

Deb Root, MBA

Good morning Debbie,

AG Development has asked us to look into rezoning their property from CR-C-2 to C-1. Could we accomplish this with a DA mod, or would we need to do a rezone? Please refer to RZ2021-0061.

Thank you,

**Subject:** Pre-Application Meeting - PA2025-0038 - Parcel R33952010 (9145 HWY 44)

Mike,

On February 20, 2025, you submitted a pre-application meeting request regarding Parcel R33952010 (Pre-App Case No. PA2025-0038). On September 14, 2023, the subject parcel was conditionally rezoned from an "A" (Agricultural) zone to a "C-2" (Service Commercial) zone subject to limited uses and conditions (RZ2021-0061; Dev. Agreement #23-123). The agreement expires on September 14, 2025. *See the attached development agreement.*

If the property is purchased, you have the following options:

- 1) Develop the parcel as approved and conditioned. If construction and conditions cannot be met before the expiration date, then apply for a development agreement modification to extend the expiration date. *Attached is a development agreement modification application.*
- 2) If you wish to not be held down by the development agreement conditions, you can either:
  - a. Complete a new conditional rezone application to a "C-1" or "C-2" zoning district and limit development to certain uses/conceptual site plan which will terminate the original agreement;
  - b. Complete a zoning map amendment (rezone without development agreement conditions) to a "C-1" or "C-2" zoning district which will terminate the original agreement.
  - c. Terminate the development agreement through a development modification application to revert the property to the original zone of "A" (Agricultural) which opens the property up to all the uses allowed in the "A" zone.
    - i. *Attached is the land use matrix with the zones and uses allowed in the zones.*
    - ii. *Attached are the applications for each option.*

If the e-mail addresses your questions and you have a few follow-up questions, please contact me via phone or e-mail. If you wish to still meet in person, I'm available on the following dates and times:

- *Tuesday, February 25 anytime between 1:30 and 4 pm (no more than one hour);*
- *Wednesday, February 26, 2025, anytime between 1:30 and 4 pm (no more than one hour);*
- *Thursday, February 27, 2025, anytime between 8:30 and 11 am (no more than one hour);*

If a response is not received by the end of business day Wednesday, February 26, 2025, DSD staff will assume this e-mail addressed your inquiry and Pre-App Meeting PA2025-0038 will be closed. Once closed, you can either meet with the planner of the day any time on Tuesday or Thursday at the DSD front counter or submit a new meeting request form.

Sincerely,

**Dan Lister, Principal Planner**

Supporting evidence can be found in Criteria 2 - 8.

- (4) Evidence includes the application, support materials submitted by the applicant, public testimony, and the staff report with exhibits found in Case file No. RZ2021-0061.

**2. When considering the surrounding land uses, is the proposed conditional rezone more appropriate than the current zoning designation?**

**Conclusion:** The proposed conditional rezone to CR-C2 (Service Commercial) is more appropriate than the current zoning designation of Agricultural.

**Findings:** (1) The 11.41 acre agriculturally zoned parcel is not in agricultural production.

- (2) There are agricultural parcels near the subject property; however, this area is predominantly commercial and residential as shown in the zoning and classification map (Attachment 4b).
- (3) As shown in the small air photo, agricultural uses are limited by residential and commercial development and in the primary vicinity of State Highway 44 directly to the north (Attachment 4c).

- (4) The subject property lies within the FEMA 'AE' SFHA, limiting residential development in the floodplain is appropriate.

  - (3) The conditional rezone with development agreement (Attachment 1) limits the "C-2" Zone to only an RV and mini-storage facility and a business/flex (non-retail) complex.
  - (4) There are 28 platted subdivisions within one (1) mile of the subject property, as shown in the Subdivision Map (Attachment 4e), with 20 of the 28 subdivisions platted after 2000, as shown in the Lot Report (Attachment 4e).
  - (5) Evidence includes the application, support materials submitted by the applicant, public testimony, and the staff report with exhibits found in Case No. RZ2021-0060.

### **4. Will the proposed conditional rezone negatively affect the character of the area? What measures will be implemented to mitigate impacts?**

**Conclusion:** As conditioned by the development agreement (Attachment 1), the conditional rezone is not anticipated to negatively affect the character of the area; however, the development agreement will limit the types of uses that will be allowed on the property to help mitigate any impacts that would occur with more intensive uses allowed in the "C-2" zone.

(2) The mixed-use storage facility will be served by well and septic and will be required to meet IDWR, DEQ, and SWDH requirements.

(3) Notice of the public hearing was provided per CCZO §07-05-01. Affected agencies were noticed on May 2, 2023. Newspaper notice was published on May 5, 2023. Property owners within 600' were notified by mail on May 5, 2023. Full political notice was provided on January 11, 2023. The City of Middleton was noticed on January 11, 2023. The property was posted on May 12, 2023.

(4) Evidence includes the application, support materials submitted by the applicant, public testimony, and the staff report with exhibits found in Case No. RZ2021-0061.

(5) Evidence includes findings and evidence found in Area of City Impact Agreement ordinance criteria.

**6. Does the proposed conditional rezone require public street improvements in order to provide adequate access to and from the subject property to minimize undue interference with existing or future traffic patterns? What measures have been taken to mitigate traffic impacts?**

**Conclusion:** The conditional rezone of the subject property will not require improvements to prevent undue interference with existing or future traffic patterns as conditioned.

**Findings:** (1) The applicant commissioned a Traffic Generation Study prepared by J-U-B Engineers, Inc which was completed on February 24, 2023 (Attachment 7). At full buildout and peak usage, the development is conservatively estimated to generate 412 trips per day. Approximately 34 trips are estimated to occur during the AM peak hour between 7 AM and 9 AM, and 43 trips are estimated to occur during the PM peak hour between 4 PM and 6 PM.

- (2) According to Idaho Transportation Department (ITD), after their review of the Traffic Generation Study they concluded that the development would not generate enough traffic to warrant any mitigations (Attachment 4c).
- (3) Notice of the public hearing was provided per CCZO §07-05-01. Affected agencies were noticed on May 2, 2023. Newspaper notice was published on May 5, 2023. Property owners within 600' were notified by mail on May 5, 2023. Full political notice was provided on January 11, 2023. The City of Middleton was noticed on January 11, 2023. The property was posted on May 12, 2023.
- (4) Evidence includes the application, support materials submitted by the applicant, public testimony, and the staff report with exhibits found in Case No. RZ2021-0061.

**7. Does legal access to the subject property for the conditional rezone exist or will it exist at time of development?**

**Conclusion:** Legal access will exist for the subject property at the time of development.

- Findings:**
- (1) Legal access will be granted via a driveway on the eastern side of the subject property from Highway 44 and will be required to meet ITD approach standards.
  - (2) According to ITD, the applicant requested an approach permit and it was approved on April 5, 2023. ITD has no objection to the proposed application as all access concerns have been addressed with ITD Staff. (Attachment 5c).
  - (3) Notice of the public hearing was provided per CCZO §07-05-01. Affected agencies were noticed on May 2, 2023. Newspaper notice was published on May 5, 2023.   - (4) Evidence includes the application, support materials submitted by the applicant, public testimony, and the staff report with exhibits found in Case No. RZ2021-0061.

**8. Will the proposed conditional rezone amendment impact essential public services and facilities, such as schools, police, fire, and emergency medical services? What measures will be implemented to mitigate impacts?**

**Conclusion:** Essential services will be provided to accommodate the use. No mitigation is proposed at this time.

- Findings:**
